1.1. Product identifier

Product form: Granular
Substance name: Salt (Sodium Chloride)
Product code: Salt

1.2. Relevant identified uses of the substance or mixture and uses advised against
Use of the substance/preparation: Industrial, Deicer, Feed, Hide, Water softening, Bath Salt

1.3. Details of the supplier of the safety data sheet

Northern Salt, Inc.
20920 Forest Road North
Forest Lake, MN  55025
Phone: 651-209-3148
Fax: 651-407-0609
Email: info@northernsalt.com
Website: www.northernsalt.com

1.4. Emergency telephone number

Emergency number: 651-209-3148
1-888-668-7258

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Not Classified

2.2. Label elements

None
Salt
Safety Data Sheet

Signal word (GHS-US) : None
Hazard statements (GHS-US) : Product does not meet criteria for classification

Precautionary statements (GHS-US) : Prevention – Implement acceptable industrial hygiene practices
Response – Wash hands thoroughly after handling
Storage – store in well ventilated space a safe distance from incompatible materials
Disposal – Dispose of waste/residues in accordance with local authority requirements

2.3. Other hazards
No additional information available

SECTION 3: Composition/information on ingredients

3.1. Substances
Not applicable

3.2. Mixtures

SECTION 4: First aid measures

4.1. Description of first aid measures

First-aid measures general : If medical advice is needed, have product container or label at hand.
First-aid measures after inhalation : If inhaled, remove to fresh air and keep at rest in a position comfortable for breathing. Give oxygen or artificial respiration if necessary. Obtain medical attention if breathing difficulty persists.
First-aid measures after skin contact : Wash skin thoroughly with mild soap and water. Obtain medical attention if irritation develops or persists.
Salt

Safety Data Sheet

First-aid measures after eye contact: Immediately rinse with water for a prolonged period (15 minutes) while holding the eyelids wide open including upper and lower lids. Obtain medical attention if pain and irritation develops or persists.

First-aid measures after ingestion: Do not induce vomiting. Administer water if patient is conscious. Ingesting salt will usually cause purging of the stomach by vomiting. Seek medical attention if a large amount is swallowed. Get medical advice and attention if you feel unwell.

4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries: Irritation to eyes, skin and respiratory tract.
Symptoms/injuries after inhalation: Overexposure may be irritating to the respiratory system.
Symptoms/injuries after skin contact: May cause skin irritation.
Symptoms/injuries after eye contact: May cause eye irritation.
Symptoms/injuries after ingestion: If a large quantity has been ingested: Abdominal pain; Diarrhea; Nausea; Vomiting; Tingling in hands and feet; Weak pulse; Circulatory disturbances

Chronic symptoms: Prolonged inhalation of dust may cause respiratory irritation.

4.3. Indication of any immediate medical attention and special treatment needed

No additional information available

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media: Not flammable. Use extinguishing media appropriate for surrounding fire.

Unsuitable extinguishing media: None known.

5.2. Special hazards arising from the substance or mixture

Fire hazard: Under conditions of fire this material may produce: toxic fumes
Explosion hazard: Product is not explosive.
Reactivity: Stable at ambient temperature and under normal conditions of use.

5.3. Advice for firefighters

Firefighting instructions: Keep upwind. Under conditions of fire this material may produce: Potassium oxides; Hydrogen chloride; Chlorine gas
Protection during firefighting: Wear full fire-fighting turn-out gear (full Bunker gear) and respiratory protection (SCBA).
Other information: Do not allow run-off from firefighting to enter drains or water courses.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

General measures: Do not breathe fumes from fires or vapors from decomposition.

6.1.1. For non-emergency personnel

Protective equipment: Wear suitable protective clothing, gloves and eye/face protection including tight fitting goggles in areas of high dust concentration. Wear NIOSH approved respiratory protective equipment when workplace conditions warrant use of respirator.
Emergency procedures: Collect as any solid. Ventilate area.

6.1.2. For emergency responders
Protective equipment: Wear suitable protective clothing, gloves and eye/face protection including tight fitting goggles in areas of high dust concentration. Wear NIOSH approved respiratory protective equipment when conditions warrant use of respirator.

Emergency procedures: If possible, stop flow of product. Contain and collect as any solid. Ventilate area.

6.2. Environmental precautions
If spill could potentially enter any waterway, including intermittent dry creeks, contact the U.S. COAST GUARD NATIONAL RESPONSE CENTER at 800-424-8802. In case of accident or road spill notify CHEMTREC at 800-424-9300 (in USA) or CANUTEC at 613-996-6666 (in Canada). In other countries call CHEMTREC at (International code) +1-703-527-3887.

6.3. Methods and material for containment and cleaning up
For containment: Contain and collect as any solid. Do not allow into drains or water courses or dispose of where ground or surface waters may be affected.

Methods for cleaning up: Recover the product by vacuuming, shoveling or sweeping. Avoid generation of dust during clean-up of spills. If uncontaminated, recover and reuse as product.

6.4. Reference to other sections
No additional information available

SECTION 7: Handling and storage

7.1. Precautions for safe handling
Additional hazards when processed: When heated, material emits irritating fumes.

Precautions for safe handling: Handle in accordance with good industrial hygiene and safety procedures. Avoid contact with skin and eyes. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.

Hygiene measures: Emergency eye wash fountains should be available in the immediate vicinity of any potential exposure.

7.2. Conditions for safe storage, including any incompatibilities
Storage conditions: Store tightly closed in a dry, cool and well-ventilated place. Protect from moisture.

Special rules on packaging: Avoid contact with aluminum or carbon steel to minimize corrosion.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters
Highly soluble – No ACGIH TWA, Particulate Not Otherwise Specified (PNOS) not appropriate for highly soluble material.
Salt
Safety Data Sheet

8.2. Exposure controls

Appropriate engineering controls: Ensure adequate ventilation, especially in confined areas.
Personal protective equipment: Gloves. Safety glasses. Protective clothing.

Hand protection: Impermeable protective gloves.
Eye protection: Protective goggles and safety glasses.
Skin and body protection: Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Wear suitable protective clothing. Wash contaminated clothing before reuse. Handle in accordance with good industrial hygiene and safety practice. Wash clothing frequently.
Respiratory protection: Use NIOSH-approved air-purifying or supplied-air respirator where airborne concentrations of dust are expected to exceed exposure limits.
Environmental exposure controls: Ensure adequate ventilation, especially in confined areas.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state: Solid
Appearance: Crystalline solid.
Color: White to red
Odor: None
Odor threshold: No data available
pH: 6-8
Relative evaporation rate (butylacetate=1): No data available
Melting point: 1473.8°F (801°C)
Freezing point: No data available
Boiling point: 2669°F (1465°C)
Flash point: No data available
Self ignition temperature: Not flammable
Decomposition temperature: No data available

9.2. Other information

VOC content                         | No data available          |
Bulk Density                        | 71 – 77lbs/ft3 (1137 – 1234kg/m3) |
Molecular Formula                   | NaCl                        |

SECTION 10: Stability and reactivity

10.1. Reactivity
Stable at ambient temperature and under normal conditions of use.

10.2. Chemical stability
Stable at standard temperature and pressure.

10.3. Possibility of hazardous reactions
Hazardous polymerization will not occur.

10.4. Conditions to avoid
Protect from moisture.

10.5. Incompatible materials
Contact with acids liberates toxic gas (chlorine). Lithium, interhalogens (bromide, triflourite, etc), acids, oxidizing agents, iron and cement.

10.6. Hazardous decomposition products
Salt
Safety Data Sheet
Contact with strong acids may produce hydrogen chlorine gas.

SECTION 11: Toxicological information

11.1. Information on toxicological effects
Acute toxicity : Not classified

Serious eye damage/irritation : Salt dust can cause eye irritation
Respiratory or skin sensitization : Not classified
Germ cell mutagenicity : Not classified
Carcinogenicity : Not classified
Reproductive toxicity : Not classified
Specific target organ toxicity (single exposure) : Not classified
Specific target organ toxicity (repeated exposure) : Not classified
Aspiration hazard : Not classified

SECTION 12: Ecological information

12.1. Toxicity
Ecotoxicity : The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

Environmental Fate : No data available
Toxicity : No data available
Degradation Products : No data available

SECTION 13: Disposal considerations

13.1. Waste treatment methods
Sewage disposal recommendations : This material may be hazardous to the aquatic environment. Keep out of sewers and waterways.
Waste disposal recommendations : Place in an appropriate container and dispose of the contaminated material at a licensed site.
Salt
Safety Data Sheet

Additional information : Dispose of waste material in accordance with all local, regional, national, and international regulations.

SECTION 14: Transport information

In accordance with DOT / TDG / ADR / RID / ADNR / IMDG / ICAO / IATA

14.1. UN number
No dangerous good in terms of transport regulations.

14.2. UN proper shipping name
Not applicable

14.2 Additional information
Other information : No supplementary information available.

Overland transport
No additional information available

Transport by sea
No additional information available

Air transport
No additional information available

SECTION 15: Regulatory information

15.1. US Federal regulations

Sodium chloride (7647-14-5)
Listed on the United States TSCA (Toxic Substances Control Act) inventory

15.2. US State regulations
The following states have an OSH program approved by OSHA. If you are located in any of these states you may be under state jurisdiction rather than federal jurisdiction and your state may have more stringent requirements than OSHA. You should consult your state regulations to ensure compliance.

Alaska
Arizona
California
*Connecticut
Hawaii
*Illinois
Indiana
Iowa
Kentucky
Maryland
Michigan
Minnesota
Nevada
New Mexico
*New Jersey
*New York
North Carolina
Oregon Puerto
Rico
South Carolina
Tennessee
Utah
Vermont
*Virgin Islands
Virginia
Washington
Wyoming

*The state plans in these states apply only to public sector employers. In these states private sector employers are subject to USOL – OSHA jurisdiction. All other state plans apply to both public and private sector employers.
